

PERRYFIELDS INFANT SCHOOL

New Hot School Dinners Menu

Attached please find a copy of the new hot school dinner menu starting from Monday 11th April 2016 on Week 1.

Some dishes have changed or possibly changed which days they are on, so we ask that you carefully check the new menu against your current choices that you previously submitted. This is especially important for those children with specific dietary requirements.

Should any changes need to be made please complete a new order form or standing order and return to school any time up to **9am on Wednesday 23rd March 2016 at the very latest** for changes to take effect from 11th April 2016. All NEW orders need to be in school by this date too if they are to start straight after the Easter holidays. No late orders can be accepted.

PLEASE NOTE: If there are no changes to your meal choices, you simply do nothing and your child will continue to receive hot school dinners in the same way as they do now.

Please remember hot meal orders or amendments must be made by 9am on the Wednesday before the week you would like your request to take effect.

If your child has hot school meals ordered, please encourage them to have their meal instead of a packed lunch at least until you can change your order. This really will save food being wasted unnecessarily.

If you have any queries please telephone or call into the office.

Many thanks for your co-operation.
