Can you use your learning this week to fill in the answers in the table below? Remember to use both the written sharing method and counting in multiples to decide which method you prefer!

1		J	I J
Question	Sharing	Multiples	Best method?
6 ÷ 2 = 3		246	multiples
20 ÷ 5 =			
30 ÷ 10 =			
18 ÷ 2 =			
35 ÷ 5 =			
18 ÷ 3 =			
Try the extension challenge on the challenges			

Try the extension challenge on the challenges sheet if you would like an extra challenge!
