## Monday – Dividing using the bar method

Can you find the answers to the questions below by splitting the bar into the correct number and sharing the spots between the sections? ☺

$8 \div 2 = 4$

$16 \div 2 =$

$15 \div 5 =$

$25 \div 5 =$

$9 \div 3 =$

$18 \div 3 =$

$16 \div 4 =$

$24 \div 4 =$
